ARC/EDA Assistance
The seven (7) Pennsylvania LDDs provide technical assistance to applicants within our regions seeking grant funding from the Appalachian Regional Commission (ARC) and the Economic Development Administration. The LDDs helped secure over $17,234,746 in grant funding, which leveraged $50,577,627 in additional investment in our regions.

Business Financing
Firms are expanding, new companies are forming, and jobs are being created/retained. Utilizing programs that work with banks and industrial development groups in Pennsylvania’s Appalachian counties, LDDs are financing manufacturers, retailers, research and engineering firms, agricultural businesses and more.

Government Contracting Assistance
The LDDs provide services such as individualized counseling, electronic bid matching, interpreting bid packages, identifying new market opportunities and assisting with the registrations necessary to procure government contracts and helping businesses to understand and comply with the terms of their contract awards.

International Business Development
The LDDs serve as the coordinators for the Regional Export Network (REN), conducting export readiness assessments, identifying market expansion/development opportunities, providing trade leads and assisting with the preparation of global sales strategies.

Transportation Planning
As designated Rural Planning Organizations (RPO) and Metropolitan Planning Organizations (MPO), the LDDs work with counties, local governments and PennDOT to plan, program and establish transportation priorities. The LDDs also provide training through the Local Technical Assistance Program (LTAP), which provides technical information and proven technologies dealing with roadway maintenance and safety methods to meet the growing demands on municipal governments.
